

EAD-92000-007

### Psychrometer (Thermo-hygrometer)

- With Laser Pointer and Dew Point.
- Backlight function, In case, with instructions for use.

Brand	Reference	Description
Alla	EAD-92000-007	<p><b>Relative Humidity</b> 0+100%RH Resolution : 0.1%, Accuracy : <math>\pm 3\%</math> at 25 °C Dew point range : -78.7+50 °C (-108+122 °F) Wet bulb range temp : -21.6+50 °C (-6.88+122 °F)</p> <p><b>IR Temperature</b> -40+500 °C (-40+932 °F) Resolution: 0.1 ° Accuracy: <math>\pm 2\%</math> or <math>\pm 2</math> °C (between -20+450 °C otherwise <math>\pm 3\%</math> or 3 °C) Distance ration : 8/1 Adjustable emissivity : 0.3 - 0.99</p> <p><b>Air Temperature</b> -20+50 °C (-4+122 °F) Resolution: 0.1 ° Accuracy : <math>\pm 0.6</math> °C (1 °F)</p>

EAD-91000-006

### Hygrometer, Humidity Measurement Apparatus

Brand	Reference	Range/°C/RH	Std/Pack
<b>Thermo/Hygrometer, Digital, LCD</b>			
Alla	EAD-91000-006	-50 to 70 °C / 20 to 99%	1

### Stopwatch, Digital

Brand	Reference	Description
Boeco	EBC-BOE240	Time, Calendar & Alarm

EAD-91000-008

### Timer, Digital Display, Count-Up/Count-Down

- 24 hours programme, 60 second alarm, clip or bench stand and memory.

Brand	Reference	Description
Alla	EAD-91500-014F	Count Up/Down/Clock, 3 Functions
Alla	EAD-91500-013ca	Count Up/Down/Clock, 4 Programmes

**Top  
of  
The  
class**

When budgets are tight, you want a product that gives you real value for money.

The MBL® volumetric products are made to the same world class standards of accuracy that you expect from our other famous brands of glassware, at affordable prices.

Ideal for education, MBL® burettes, cylinders, pipettes and volumetric flasks deliver consistent resulted time and again.

**MBL®**

Glassware that ticks all the right boxes
