

Acura® manual
your expectations – our tradition

digital reading micropipettes

Acura® manual pipettes are precision instruments combining high-tech materials with exceptional, user friendly ergonomics.

A choice of models brings much more than superior performance and makes pipetting safe and agreeable.

The Acura® line features:

- Effortless activation
- Smart and reliable volume adjustment
- Precision digital display visible at all time
- Justip™ adjustable tip ejector fitting most tips
- Swift-set user calibration system
- Shock, UV-light and autoclaving resistance
- CE certified IVD 98/79 EEC

► Most comfortable pipetting

The line fits everybody's hand with or without glove. Ergonomic shape, light weight and soft plunger travel care for optimal comfort.

► Smart and reliable volume adjustment

State-of-the-art micrometric setting is performed smoothly and precisely by turning push button. Finely machined click-stops and free rotating cap prevent any unwanted volume alteration.

► Digital display always visible at a glance

Located on the front of the instrument, the display window allows set volume to be visible at all times during pipetting. A comforting reassurance for the user.

► Acura[®] manual 825/835 Triopack

Nine different packs up to 10 mL, each containing three adjustable micro-pipettes, to cover all individual requirements in any research or routine application. Available at attractive saver prices, they match with today's budget constraints.

Universal micropipettes

The classic Acura[®] manual 825 is intended for all applications. It brings convenience, comfort, safety and sturdiness. For sure the wise choice for any laboratory.
